PETITION

I, Henry (Hank) Jackson consider myself a dedicated professional who takes pride in serving others and making a positive difference in the community.

Being born and raised in Berkeley County with over 40 years of construction experience and currently serving as the Building Official of Berkeley County for the past 16 years with a total of 25 years with Berkeley County, I am committed to providing dependable service, working well with others and continuing to grow both personally and professionally. Outside of work, I enjoy spending time with my family, being involved in the community and have a love for the outdoors.

I am running for the Berkeley Electric Cooperative board because I believe in the importance of service, integrity and strong leadership. With deep ties to the community, I understand the value of listening to others, being transparent, and welcome the opportunity to provide my experience and principles in serving all members of Berkeley Electric Cooperative.
